## About Us

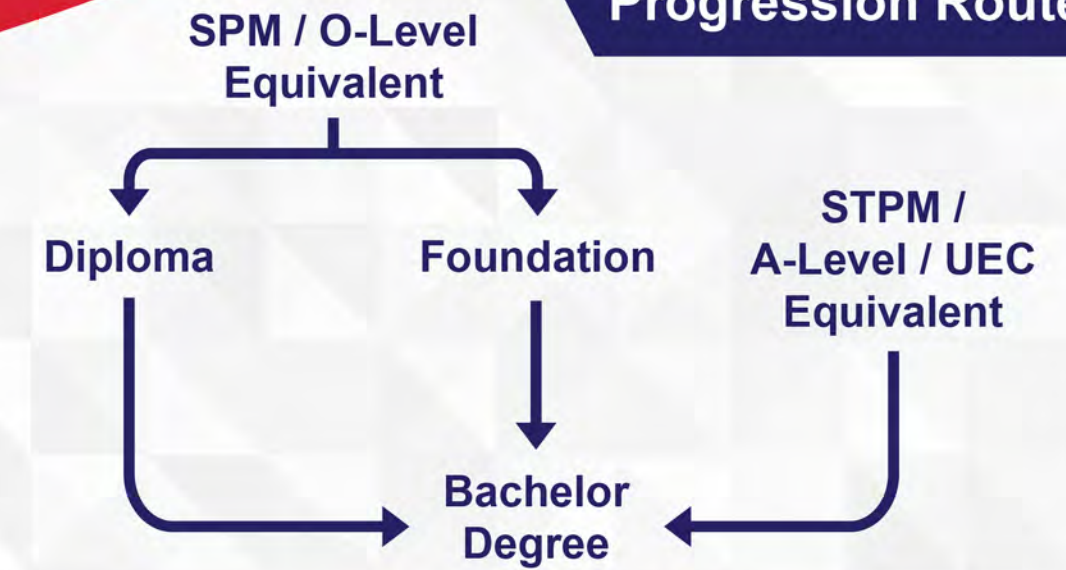

New Era University College owes its existence to the Chinese community in Malaysia and its multicultural heritage. Established in 1998 as a community college with the unstinting financial, intellectual and emotional support of all walks of life of Malaysian Chinese society, New Era was upgraded to university college status by the Ministry of Higher Education on 29th December 2016. We are now ready and able to play an even bigger role as a provider of quality community-oriented tertiary education to serve the needs, not just of the community, but of the nation.

Our university college currently has three faculties: Arts & Social Science, Media and Creative Arts, and Business and Information Technology, with altogether nine departments: Chinese Language & Literature, Guidance & Counselling Psychology, Education, Media Studies, Art & Design, Drama & Visuals, Business Studies, Finance & Accounting, and Computer Science & Information Technology. A Graduate School offering Master's and PhD programmes in Chinese Studies, ASEAN studies, Education, Business Studies and Fine Arts is being established. The student body includes Malaysians of diverse backgrounds and ethnicities, as well as international students.

It is our aim to acquire full university status within the next five years. The transformation from college to university will see us embracing global standards of academic excellence, while retaining our historical roots in service to the community and nation.
