ABOUT NEUC

INTRODUCTION
New Era University College owes its existence to the Chinese community in Malaysia and its multifaceted heritage. Established in 1948 as a community college, the university has provided a wide range of courses to students from diverse backgrounds. New Era was upgraded to university college status by the Ministry of Higher Education in 2005.

Our university college currently has three faculties: Arts, Social Sciences, Medical and Creative Arts, and Business and Information Technology, with several academic departments: Chinese Language & Literature, Guidance & Counselling Psychology, Education, Media Studies, Art & Design, Drama, Visual, Business Studies, Finance & Accounting, and Computer Science & Information Technology.

A Graduate School (featuring Master’s and PhD programmes in Chinese Studies, ASEAN Studies, Education, Business Studies, and Fine Arts) is being established. The student body includes Malaya’s diverse backgrounds and academic levels, as well as international students.

It is our aim to acquire full university status within the next five years. The transformation from college to university will see us embracing global standards of academic excellence, while ensuring our historical roots in service to the community and nation.
