

Adobe Creative Cloud User Manual for Student. (Adobe has now extended access to July 6, 2020).

*Learning Globally for Schools Impacted by COVID-19

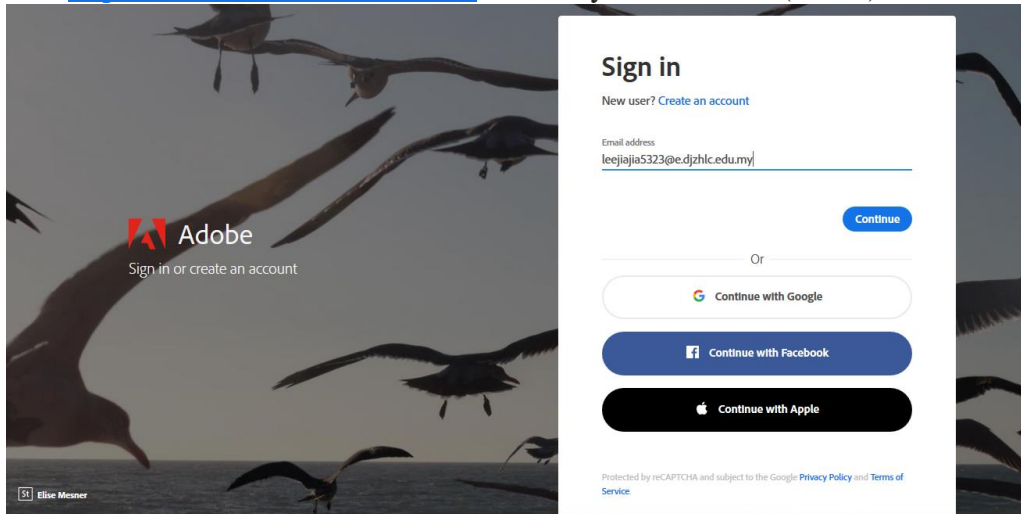

*Free Creative Cloud tools offered to students through July 6, 2020

Dear Students,

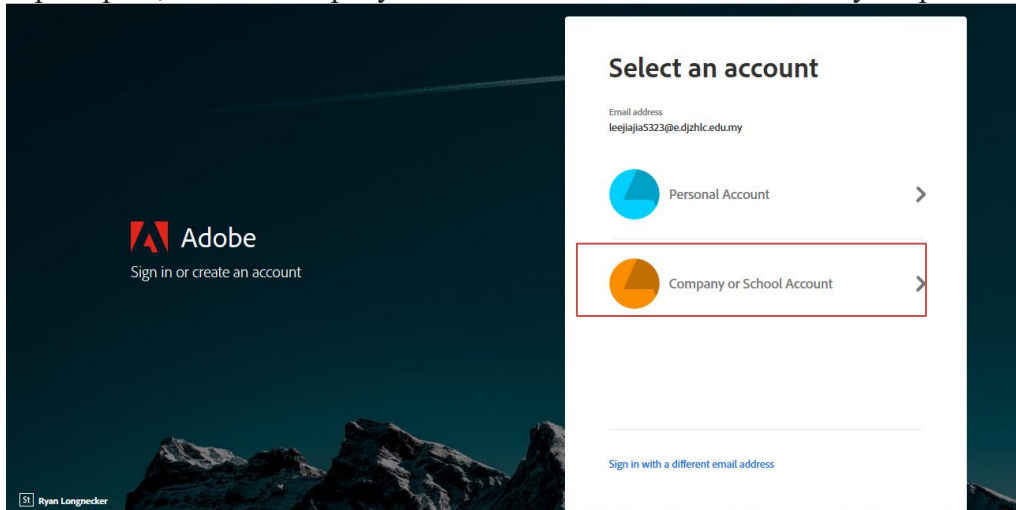

As a result of campus closure, student access to Adobe Creative Cloud in labs and classrooms is not available. Adobe has provided temporary at-home access for impacted students, so that they can continue their homework remotely. Please follow the instructions below to enable access to Creative Cloud Desktop Apps on your personal device.

The licenses will be available until July 6 2020 and will help students continue their coursework while they're not able to attend school in person.

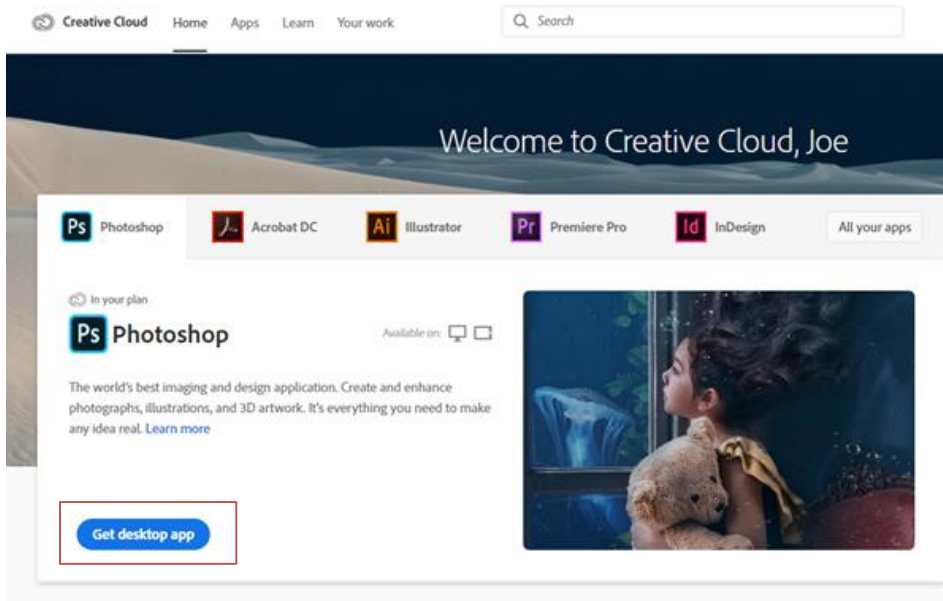

1. Visit <https://creativecloud.adobe.com> and use your e-account(Email) for school credentials to sign in.

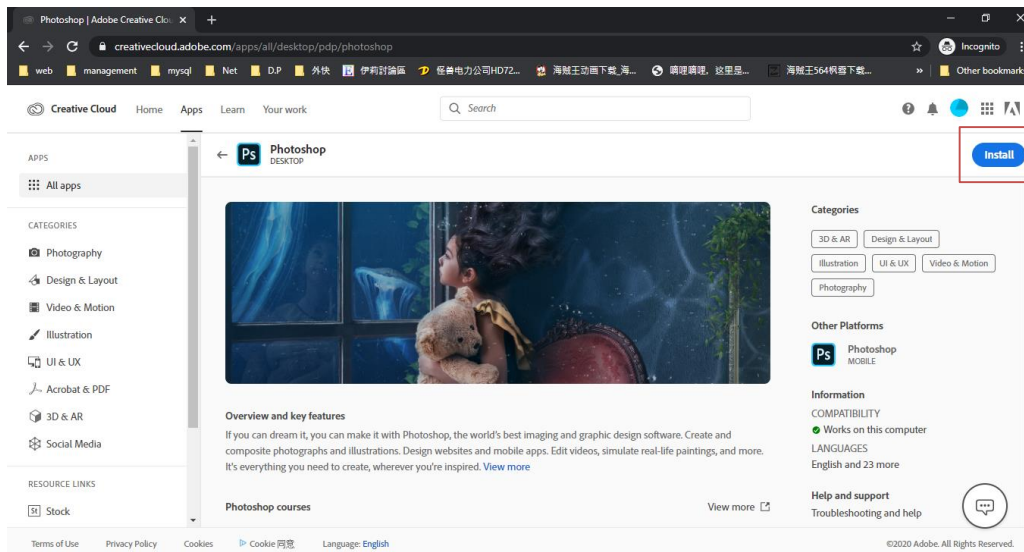

2. If prompted, select “Company or School Account” and then enter your password.

- From the Creative Cloud website, browse for and download your desired app. Click **Apps** on the top of the page to view all apps.

- Select install and downloading installation.

For more information on how to download or install apps, see [Download and Install Creative Cloud apps](#).

For Higher Education students to continue developing skills, Adobe offers free “Daily Creative Challenges”. These are guided projects where participants receive creative prompts and connect with pros, mentors, and other students for feedback and support. Click on the app name to learn more: [Photoshop](#), [XD](#) and [Illustrator](#). Also, for inspiration and over-the-shoulder learning, watch pros share their creative process on Adobe Live daily at www.behance.net/adobelive.
